VOL. IV. RALEIGH, N. C., WEDNESDAY EVENING, JUNE 16, 1869. NO. 260.

The Daily Sentinel.

JOSIAH TURNER, Jr., EDITOR.

FIFTY PER CENT OF CLEAR PROFIT.

In the memory of living men the virgin soil of the "Hawfields" produced ten barrels of corn per acre. In the boyhood of middle aged men, the same land produced five barrels of corn per acre. Now, according to the concurrent statements of numerous farmers, one barrel of corn per acre, worth $5,00 to day and $3,00 at the heap, is an average corn crop, and the average cost of production, according to the same concurrent statement of farmers in this neighborhood, is $7,50 per acre. Nothing more need be said to prove that our system of farming is an absolute and most disastrous failure, which must change or the land must change owners; and some hints as to how this change may be speedily and surely effected, are given in the following paper, founded upon actual experiments of my own, or coming under my own observation; and I assert without fear of contradiction that by following the plan here proposed, any farmer may increase his clear profits 50 per cent, and increase the fertility of his land 25 per cent each year.

The causes of the rapid and alarming failure of our lands are numerous and may be summed up in general terms into two wants, namely, want of pains and want of brains—but the specific cause is the *culture of corn*, in straight rows up and down the hills. The culture of corn, *at best*, is very severe on land, exposing it to the suns and floods of August—but as practised here, without manure, and without a hillside ditch, it has produced the results already stated—namely, lands that 75 years ago were very productive are now part in the bottom of Haw River, part grown up in broomstraw, and the part still in cultivation produces corn worth $5 per acre at a cost of $7 50 per acre. Now any farmer who will quit corn, except as a cleansing crop, or upon highly improved lots, and who will use brains and pains, and Baugh's Phosphate on small grain and clover, and more brains and more pains on root crops, with stable manure and Baugh's Phosphate alternated, will find his net profits increased 50 per cent., and his land rapidly improved. To prove this to the satisfaction of the most skeptical Rip Van Winkle, I need only say, that a bushel of potatoes has always been, is, and will always be, equal in value in the market to a bushel of corn. I never knew in this region of more than 75 bushels of corn being made to the acre, and that was on a highly manured town lot; and the average yield, as already stated, is not above 5 bushels per acre, worth $5. I raised on an old field the first time it was ever manured in the memory of man, 500 bushel of potatoes per acre, and Col. Wm Bingham did the same on an ordinary new ground. The same manuring might perhaps have produced 50 bushels of corn, worth $50, while the potatoes were worth $500, showing a difference in favor of root culture of $450 per acre. Further, a bushel of ruta baga turnips is worth more in Wilmington to day than a bushel of corn, and Major Lynch has made 500 bushels of turnips per acre. And further still, the potatoes and the turnips can be raised on the same acre; the same year at a cost in labor and manure, of not more than $75.

These statements may seem extravagant; but I repeat, that I and Col. Wm. Bingham have both raised the potatoes, and Major Lynch has raised the turnips.

Wheat has been an utter failure in this section for the last five years, the average yield being less than two and a half bushels per acre; but with a fertilizer, ten bushels per acre may be safely counted on. Wheat must enter as an important element in any intelligent farmer's system in this region, but never without a fertilizer. It requires but little labor; it leaves the land exposed but a short time to sun and flood; and as a foundation stone of root culture, the straw and the succeeding crop of clover hay, furnish food to winter cattle on, at almost no cost at all, and the cattle in their turn furnish manure for roots. On wheat, $10 per acre in Baugh's Phosphate will make ten bushels, where only two bushels and a half would have grown without it; five bushels will pay for the manure and leave two and a half bushels, worth $5, of clear profit the first year, being 50 per cent on the money invested, and 100 per cent on the previous net yield, with the same labor. The same $10 in Phosphate that made the wheat is a perfect specific for red clover. The first crop of this clover is worth in market or for home consumption $15, in clover hay, a profit of 150 per cent. on the money invested the year before and already paid in wheat, and the second crop turned, (never pastured) will, with $10 in phosphate again, make fifteen bushels of wheat, showing an increased productiveness of 50 per cent.

Oats can be cultivated as a money crop; but if one has area enough, as is always the case with us, they must enter into the system as furnishing the cheapest and best feed for horses, and the cheapest and best meal for mixing feed for milch cows. As land should not be required to work without being fed, but frequently, but as regularly and as carefully as man or beast; in plainer English, as no seed should be put into the ground without special manuring of some sort or other, I would apply 250 pounds of phosphate to oats, which will pay for itself in oats, and pay 100 per cent. in the land 25 per cent. in furnishing a second crop to be turned; or in buckwheat with 100 pounds additional per acre of phosphate, it will pay 100 per cent. the same year. This buckwheat can be sowed while the oats is in the shock by having the rows straight and wide apart and moving the shocks upon the plowed ground after a section of the buckwheat is put in. The buckwheat can stand in the shock till after wheat is sown, and then threshed in the field, and the straw furnishes the litter for potatoes that can be moved rapidly, and that no wind will blow away as it does leaves.

The cow enters as a very important element into this system of farming. Where there is a range, as is generally the case with us, a cow, worth in beef, hide and tallow $20, can be raised with 50 cents worth of salt; and if her manure be considered, she can be raised at a good profit in winter and then sold for $30 of clear cash profit. She will live in ordinary range in summer, and in winter she will live without shelter on wheat straw, and if she never dungs on less than six inches of litter, the amount of manure made is astonishing, which manure in its turn insures root crops.

Hogs cannot be raised on corn at less than $15 per hundred, and are worth in market but $10 per hundred. On potatoes the ordinary stock of hogs can be raised at $5 per hundred of actual cost, (I fattened my hogs on potatoes, last fall, and I know whereof I affirm,) and if the potatoes are exchanged bushel for bushel for corn, as Dr. Mebane and Major Lynch did, the cost of pork is still farther reduced, as a bushel of corn, though worth only a bushel of potatoes in the market, is worth two bushels of potatoes *in a hog*. What can be done by improving our stock, I am not prepared to say; but it is the generally received statement that the feed which makes 200 pounds of pork from the ordinary hog, will make 300 pounds if fed to the improved hog—and this improved hog is now offered at our doors, at Pennsylvania prices, by Messrs Jenkins and Skiles, of Thomasville, N. C, with whom it will pay any live farmer to correspond.

I have already indicated what can be done with roots and stable manures, close to the barn yard. Every one may elaborate the idea to suit himself; but I have reached 500 bushels of potatoes on old fields without litter; and with litter, deep culture and heavy stable manuring, alternated with not less than 1,000 pounds of Baugh's Phosphate to the acre—2,000 pounds would be better—I feel assured, from actual experiment, that a spring crop is certain, worth not less than ten times what the same treatment would make in grain, and a fall crop, held till late in the Spring, is worth still more. Ruta bags (turnips produce 500 bushels per acre, they keep till May and would nett now in Wilmington, $1 per bushel. The mangel wurtzel beet should receive attention. It is very fine for hogs or cattle, either raw or cooked. The books all say that 500 bushels per acre. My own experiment indicates 500 bushels with 1,000 pounds of Baugh's Phospate and Major Lynch's experiment indicates the same yield with half as much Phospate. This crop possesses a very great recommendation. It runs through the whole season, as the turnip does in England, and so will always produce a fair crop, while the potato and turnip, running through but half the season, are liable to be cut off by drought.

I will add one word about manure. Of course stable manure is the best, and let every farmer use every exertion to make as much of it as possible; but it pays so well on roots, which, occupying but a small area, may be cultivated near the barn, that I doubt if it ever pays to haul it over 300 yards. Of concentrated manures, which, according to this plan must be used entirely upon distant fields, I find Baugh's Raw Bone Phosphate of Lime, all that can be desired in a concentrated manure. It is *active enough, permanent and a specific for clover*—all three of which qualities of this manure I can prove to any man's satisfaction by a five minute's walk over my premises. My first experiment with it was with corn on a dead old field, the second year at the rate of 250 pounds per acre. It paid in corn, clear, 100 cent; in rye the second year, it paid 150 per cent; and from present prospects it will pay this year in clover for hay or soiling, 100 per cent., the clover being very thick and nearly high enough to mow, and that, after a corn crop, and a rye crop, have been gotten from the original phosphating two years ago. This proves that it is *active, permanent, and a specific for clover*, and if the clover sod turned, will produce five bushel of corn or two and a half bushels of wheat, and think it will double it without manure, the land will be bettered 500 per cent.; as the first year did not produce more than a bushel of corn per acre. I was so pleased with this experiment with Baugh's Phosphate, that I have used it since the extent of my ability, and always with good effect except on an old field in oats the first year, and then it paid 100 per cent in clover the next year, while guano, tried side by side, made but little oats and no clover. I have also taken an agency for the sale of this manure, and will be glad to furnish it at manufacturers' prices in any quantity desired, but would never use less than 300 pounds per acre on grain, or less than 1,000 pounds for roots, and if I can possibly raise the ready money to get it—it takes cash—I shall never put any kind of seed in the ground without it, or without stable manure.

ROBERT BINGHAM.

Mebaneville, N. C., April 15th, 1869.

PETERSBURG ADVERTISEMENTS.

TO THE

WHOLESALE TRADE

OF

NORTH CAROLINA.

IN INVITING THE MERCHANTS OF NORTH Carolina to an examination of our

SPRING STOCK,

we desire to inform them that, owing to the rapid increase of our

WHOLESALE BUSINESS,

we shall be prepared to offer them, this season, a stock of

Foreign and Domestic Dry Goods

AND

YANKEE NOTIONS

not equaled in the State of Virginia, embracing every article needed by Virginia and North Carolina Merchants, all of which we intend to sell at

GUARANTEED BALTIMORE PRICES.

We ask of our friends, and the WHOLESALE TRADE, generally, an examination of our stock and prices. We are confident we can save time and expense to merchants by buying of us this season.

One of our firm will remain in New York during the entire season, and we will therefore be in constant receipt of new goods bought at auction, of Manufacturers and Importers.

ÆTNA

LIFE INSURANCE COMPANY,

JANUARY 1ST., 1869.

Assets $10,462,531,75.

Amount of Income 6,227,071.

SURPLUS OVER LIABILITIES 2,675,999,18.

THE Ætna is the LEADING LIFE INSURANCE COMPANY in North Carolina.

Largest amount of Losses to Widows and Orphans!

The Largest Revenue to the States. And has by far the largest number when compared with 58 Companies reported officially by the Commissioners of New York and Massachusetts it will be seen that the Ætna ranks as one of the first Companies of the Continent. But two of the fifty-eight Companies permitted to do business in New York and Massachusetts had so large an income for the year 1868; but two had so large a number of Policies in force, but one among all those incorporated under the laws of the State of New York had so small a per contage of Expense to Income during the year 1868.

Its expenses are lower than most Companies', and consequently its ability to make and pay liberal dividends to the insured is greater than that of most other Companies. It is one of the great Companies of the land in Income, in Assets, in Number of Policies, in Amount Insured, in Solidity and Strength, in Soundness, Cheapness, Promptness, and Success. Persons contemplating this mode of investment in the future as in the past would do well to examine the claims of all and take a policy accordingly.

SPARKLING CATAWBA SPRINGS,

CATAWBA COUNTY, N. C.

THIS CELEBRATED WATERING PLACE, formerly called the North Carolina White Sulphur Springs, will be open for visitors on Tuesday, the first day of June next.

Being situated in the northwestern part of the State in a country remarkable for its beauty and healthfulness—these, together with the virtue of the waters, make it one of the most desirable watering places to be found.

The MINERAL WATERS of these Springs are the White and Blue Sulphur and Chalybeate or Iron, and they possess all the finest qualities of these waters, and are sovereign remedies for all diseases of the liver, bowels, stomach and kidneys, eruptions of the skin, scrofula, weakness, debility dyspepsia, rheumatism, &c.

The proprietor having spent a large amount in additional buildings and improvements generally, these Springs are now in a fine condition, rooms large and pleasant, and good cottages containing from two to six rooms each, well arranged for either large or small families.

Good TEN PIN ALLEYS, BILLIARD TABLES and other amusements.

FINE BATH HOUSES, for Pool, Plunge or Shower Bath, Sulphur Bath, Hot or Cold.

A GOOD BAND OF MUSIC

Will be at the Springs the entire season, and a good Physician permanently located for the benefit of invalids, who will have every attention.

Having secured the services of Mr. J N. Carter, of Virginia, who has had much experience and stands high as a Hotel keeper, visitors may rest assured that my table will be supplied with the best the market can afford, and everything done that will add to their pleasure and comfort.

The cars on the Western North Carolina Rail Road will leave Salisbury for Hickory Station, the Springs' depot, every morning, (Sundays excepted,) in connection with the North Carolina Railroad, avoiding stoppage or delay at Salisbury, and arrive at Hickory station in time for breakfast, where good hacks will be in readiness to take passengers over a beautiful, well shaded road to the Springs—a distance of six miles.

As an inducement for families and parties to spend two months or more, I have concluded to put board down at the following low rates:

BOARD:

For one single month,	$30 00
For two or more months, $40 per month, or at that rate.	
Per week,	10 00
Per day,	2 50

Children under ten years of age and colored servants, half price. No charge for infants or children under two years of age.

June 7th, 2w.

ROBERT SOUTTER,

OF GRANVILLE COUNTY,

realizing the importance of spreading the growth of Wheat in this County; and the farmers, knowing so well the absolute necessity of emptying themselves at an early period with "Seed Wheat" of the finest quality, ready to plant in the Fall, the undersigned takes this early method of inviting applications from farmers, for what they may require to plant next Fall, of the very "Select Seed Wheat" which he expects to deliver at moderate prices, from the crop growing now at his "Oakland Farm" near Townsville, in this County.

This Wheat was planted last Fall, with Guano, of good selected in Baltimore with great care by my predecessor, Mr. Chas. H. S. Taylor, who paid $2,25 for it there. It has had the advantage of a heavy top-dressing in spring of Chicago bone Fertiliser, and is now very promising.

Like the good Sorghum Seed which I have offered to the farmers of Granville, I hope the orders for my "Seed Wheat" may be equally attractive, to absorb all that I can expect to spare of it.

Address me at Kittrell's Springs, or Mr. Thos. W. Taylor, at Oakland Farm.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

WEDNESDAY, JUNE 16, 1869.

AGRICULTURE IN ALAMANCE.

We publish to-day an article from the *Journal of the Farm*, entitled "fifty per cent of clear profit," written by Col. Robt Bingham.

We can't say that William and Robert Bingham are entitled to any great credit for their eminent success in school teaching or farming. Their grandfather we cannot remember. The tradition in Orange and the State is, that there was no such teacher in his day. Their father, Wm. J. Bingham, was the Napoleon of schoolmasters, as well as a model farmer. He could make more out of a lazy boy or a poor piece of land, and improve them faster, than any teacher or farmer we ever knew. Hence, it is no say, the less credit to the present Binghams for their great success, for they inherited their talents for teaching as well as farming. We should do them great wrong if we did not acknowledge and give them credit for having, by constant and assiduous labor, improved the talent which they inherited.

We will not speak of the article, as it speaks for itself. We were among the Alamancers last week, and so was Judge Tourgee. The Judge holding Court, charged upon the Ku Klux, in charging the Grand Jury. In return we charged upon both the Ku Klux and the Leagues, in a speech to the people. We told the people that the Ku Klux were out of darkness and got by the Leagues. If there had been no Leagues there had been no Ku Klux. We warned them of the dangers of secret political societies. Washington and the wise men of his day condemned them. The Leagues say they were organized for self-protection during the war, the Ku Klux say they are organized to protect themselves against the Leagues. Nineteen out of twenty of the murders committed in North Carolina since the war, were committed by members of the League. The horrid murders of Jones county were committed by members of the League. The horrid murder in Pitt county, of Mr. Brily, was by members of the League. Major Tatem, carpet bagger, as President of a council of League, ordered a band of League negroes to arrest and bring before the council a negro who talked of voting against the Leagues. They did so. The Major and negroes were indicted, convicted and sentenced to jail. Gen. Canby, as a League commander, ordered the jail doors to be opened with the bayonet and it was done. Twelve League negroes, in Wilson county, went to the house of a negro, in the night time, and gave him 300 lashes because he voted the Democratic ticket.—One twelve were indicted, convicted and sentenced to jail. On the trial it was proposed to show that they did this violence and whipping by order of the League,—Judge Thomas, the League Judge, refused to hear the evidence. League Judge, as he was, he sentenced them to jail, and in a few days Holden, who is Governor as well as President of the Leagues, pardoned them all and set them at large again, to whip the Democrats. There are said to be Ku Klux in that county. The law, as administered by the League, don't protect Democratic negroes and they are determined to protect themselves. We have, do, and always will, oppose secret societies. They are sure to destroy Republican government. This whole country, North and well as South, is governed by secret societies instead of by the Constitution and the laws. So, and much more, did we discourse to the people of Alamance.

But the reader begins to inquire where is the agriculture in all this? Well, as they must know, much of our speech was about agriculture, and the agriculture of Orange and Alamance, especially.

We did not flatter the people as Vance and Graham and the great would do. We told them that a farmer in any one of the tobacco counties of Caswell, Person, Granville or Rockingham, had, for the last hundred years, made ten dollars where the Orange and Alamance man made one.—Last year they made ten to your one, this year they did so, and they will continue to do so. So long as they grow wheat, oats, corn and tobacco—and you grow the same grain crops without tobacco. We assured them the tobacco growing counties made more money, and did more work. We told them what we had seen in other counties, and especially did we tell them of the composting, which was done, Beginning in the Eastern portion of Wake county and extending to the sea shore. We told them how precarious and uncertain was the wheat crop, and how expensive was the corn crop.

We talked about Capt. Robt. Bingham and "fifty per cent profit," his clover and turnips.

We suggested more work, more manure, and an entire change in their agricultural policy, to meet the change in our agricultural labor.

We told them that corn at $8 per barrel was the poorest crop they could raise. We talked about sheep, bees, hay, cattle and clover for Orange and Alamance. We told them how much better their meadows could be made, than the meadows of New England, and yet New England sold immense quantities of hay in North Carolina every year, six only in North Carolina but along the whole Gulf and Atlantic coast. We did not have time to discuss the bee business as it is affected with agriculture, and we must do so now. Alamance county by not engaging in the bee business loses every year $53,312,50. Every acre of land in the county should be made to yield a pound of honey. There are 213 230 acres, and there should be just that number of pounds of honey produced at 25 cents per pound, it makes $53,312 50. But the people of Alamance give no more attention to their bees than to their sheep, and the wonder is they don't lose the breed of both. Russia has become a great bee and sheep raising country. The wool, honey and bees wax exported from that country is immense. The credit and pecuniary standing of many a farmer in that cold country is estimated by the number of his bee stands.

If the Russian farmer bestowed as little attention upon his sheep and bees as does the Alamance farmer, he would not have a bee to sting or a sheep to bleat.

The sheep and bees of Alamance and of the State take care of themselves—or are left to the care of the one great Shepherd as are the fishes of the sea, and the fowls of the air. It is time the farmers of Alamance would turn out to the assistance of this Shepherd. In 1860 Alamance had about 10,000 sheep, to day we doubt if the county has two thousand, all told.

We had time, and talked of the Penitentiary. We told the people how they had been swindled in its location, by the purchase of 8,000 acres of poor land, for which 100,000 dollars was paid, and now the State had neither the land nor the money, both seem to be lost.

Jim (loud) Crabtree, of Orange, lives on as poor land as the kildee purchase of Littlefield from Lassiter; we speak from personal observation, for we have often seen both lands. Crabtree, for years, hauled wood to Hillsboro with a cow instead of a steer to his cart. In June, 1866, we passed his little plantation; he would have us get down to see his clover patch which was less than a quarter of an acre. He was proud to show us his small stock of hogs and four head of cattle; he declared but for his clover, he would have lost his last hog, and his cattle would have been on the lift.—Crabtree could not have rejoiced more over a gold mine than he did over his clover He then told how it was that he had clover at all. He heard a lawyer say when talking to George Laws, the Clerk of the Court, and some dozen farmers, that any man in Orange, cultivating the soil, who did not cultivate clover, should be put in jail, and George said he thought so too. From that he determined to grow clover, and bought two pounds that day. The result was before me: live cattle, live hogs, and a poor man glad and rejoicing over the blessings of clover.

We thought while Major Lynch, Colonel William and Robert Bingham were persuading the people of Alamance into the use and advantages of clover, we would use a little coercion. We told the people, the Orange or Alamance farmer who neglected and persistently refused to grow clover, was a fit subject for the Peitentiary, and we thought it would be well for the agriculture of the county, to call on Tourgee, the Judge, for an order to make them grow clover, or go to the Penitentiary. We called them robbers, who had robbed their mother earth of all her riches, and now in her nakedness, hunger and poverty, they refuse to feed her. Notwithstanding this apparently harsh language we parted on good terms with the good people of Alamance.

THE BENCH AND THE BAR.

The controversy which has been sprung upon the public, between the Bench and the Bar of North Carolina, is one of the most remarkable in the history of this State or of any other. The facts in the case are quite in keeping with the temper of the times and fill up another chapter in the history of the so-called Republican party, in its rapid march to anarchy and the Empire.

It must be palpable to every thoughtful, conservative mind, that the action of the Supreme Court in this case, had not been fully weighed nor its consequences anticipated. It we are not mistaken, the doctrines contained in the protest of the Bar, are such as every member of the Bench a year ago would have most heartily and warmly endorsed. There cannot be a difference of opinion as to the soundness of the principles asserted by the protest—the only difference must be in their application. If the facts stated in that protest were untrue or libellous, the course of the parties composing the Court, if they deigned to notice them at all, would have been easy and legitimate. But if they *are true*, we can see no course so well becoming a body of the high character of the Supreme Court of North Carolina, as the observation of a total silence in reference to the protest and its authors.

We refer the reader to the proceedings of the Supreme Court in to-day's issue for further action in the case. The answer of Mr. Moore which will be found in another column, we understand will be the answer of all the respondents. It is not such an answer as we should have made ourself, perhaps, but it is a dignified statement of facts, no cringing, no backing down, but such a statement of the simple truth as every gentleman ought to be willing to make and swear to. It is very brief, and on this account the more safe and the more defensible, in the event of untoward and unjustifiable conclusions. The whole facts as well as the arguments, will be on hand, should they be needed.

There was but one impression upon the minds of the audience to-day in the Court made by the argument of counsel, and that was a general disagreement with the course of the Court. The bar of the State almost unanimously, we are glad to say, sympathize with the doctrines of the protest and will stand up squarely to the respondents. Were these times such, that men occupying high positions, could dare to ignore all partizan or selfish views and feelings, no one could doubt for a moment that the decision of the Court would be unanimous for the dismissal or rescinding of the rule. We hope for such a result for the sake of the peace and honor of the Court and of the State, but we remember that we have fallen upon evil times, when the genius of evil rules, and we, therefore, look for no such decision as will exalt and dignify the bench, or do justice to the sound positions taken by the Bar.

SUPREME COURT OF NORTH CAROLINA.

This body convened at the Court Room agreeably to adjournment, at 9 o'clock this morning, the Chief Justice and Associates all being present. Upon the opening of the Court, the Chief Justice announced that the case of R. F. Moore, Esq., was before the Court.

Mr. Moore being present, arose and stated, that it was proper that he should say, that his absence at the opening of the Court on yesterday was on account of his having been informed that his case would not be called until 10 o'clock, and, therefore, he did not arrive until that hour. He then stated that his answer was in the hands of his counsel, and took his seat.—The counsel for the respondents, Messrs. Judge Battle, Judge Fowle, Judge Person, Judge Barnes and Hon. W. N. H. Smith, were all present.

Hon. Wm. H. Battle arose and presented the following answer of the respondent:

IN THE MATTER OF R. F. MOORE, IN THE SUPREME COURT, JUNE TERM 1869:

The several answer of R. F. Moore to the rule herein made by said Court and served upon him:

This Respondent protesting that a rule which deprives him even temporarily of his privilege as an Attorney of said Court, ought not to have been made in his absence, without notice to him, and without affidavit or other legal proof of the facts upon which said rule is based, respectfully answers:

I. That he admits the signing and publishing of the paper called "A solemn protest of the Bar of North Carolina against Judicial interference in political affairs," but insists that the Supreme Court hath no authority in law to make a jurisdiction to enforce said rule.

II. That the publication referred to in said rule is not libellous, and doth not tend to impair the respect due to the authority of said Court.

III. And for further answer this Respondent saith, that said paper was conceived and prepared during the recent political canvass for the Presidency, and its publication deferred until after the close of the canvass to avoid its having the appearance of a partizan document. He admits that his purpose was to express his disapprobation of the conduct of individuals occupying high judicial stations, yet, as an act of justice to himself against the charge made in the rule, he not only disavows, in signing and publishing said paper, any intention of committing a contempt of the Supreme Court or of impairing the respect due to its authority, but on the contrary, he avows his motive to have been to preserve the purity which had ever distinguished the administration of justice by the Courts of this State.

Affidavit to this answer was made in due form.

Upon the presumption that Messrs. Moore, Bragg and Haywood, would all be included in the same action, the foregoing answer was prepared for all three, but the Chief Justice requiring a distinct answer for each, it was read by his counsel, Mr. Battle, as his answer.

The reading of Mr. Moores answer was followed by able arguments from Judge Battle, Judge Fowle, Judge Person, Judge Barnes and Hon. W. N. H. Smith in the defense.

The points made by counsel were, 1. That the proceedings were irregular not being had upon affidavit &c. 2. That there was no jurisdiction or authority in the Court over the case, there being no contempt of the Court either in fact or in law, the motive and intention of the respondent, showing none. These and some other points were very ably elaborated. We have applied for the arguments of counsel and will lay them before our readers as soon as possible, it being too important a matter to rely upon notes or impressions made at the time.

At the conclusion of the argument for the defence, the cases of Thomas Bragg and Ed. Graham Haywood Esqs., were called, and the same answer was submitted by the counsel for them as in the case of Mr. Moore; whereupon the Court adjourned.

SUBVERTION OF GOVERNMENT.

The despotism of party and faction are hard at work to subvert the ancient and well established forms of our government. A more law loving, law abiding people, than the people of North Carolina, never lived. With reverence and profound obedience, they submit to the law. Their habits and education have been that of submission to the law. The Grand President of the Leagues has out armed soldiers and sneaking detectives, teaching the people to rely not upon the civil law but upon the Governor, who is the head center of all the Leagues.

The President of the North Carolina Railroad has humbled and awed into silence the humble laborers on his Road.

The Court are now punishing the bar for having in the late campaign dared to remonstrate against their conduct as political canvassers. The whole State government seems bent upon working radical changes in the principles and minds of the people. If the Governor with his militia and detectives; if the Court, without law, can punish the bar and then awe the people into silence, it will be such a change of principle as will soon and readily lead to a change of government. If the minds of the people of North Carolina can be reconciled to Holden's detectives and militia, and to the high handed measures of the Court in punishing the bar for remonstrating against the bench, then we say they are ready to close up the books of the republic and open books for the monarchy.

CONTEMPT OF COURT.—John Dinkins, of Red River, Texas, was a Judge of Probate as well as County Auctioneer. When Court adjourned he went upon the Court green to sell a mare and colt. Jim Snipes said the mare was spavined and had weak eyes.—Squire Dinkins fined Snipes twenty dollars for contempt of Court. When the sale was over and Court again in session, Squire Dinkins recorded the fine against Snipes.—Snipes, like Moore, Bragg and Haywood, denied the power of the Court to fine for contempt for matters which occurred out of doors. Squire Dinkins, with great gravity, declared it was high time that the people of Texas should understand that this Court was as much a subject of contempt off as on the bench.

Correspondence to the Sentinel.

PITTSBORO' N. C., June 14th, 1869.

EDITOR SENTINEL.—SIR:—Knowing from frequent perusals of your paper, the paramount importance you place upon our State educational advancement, and the encouragement you have always given to institutions of learning, I deem it not amiss to give you a brief account of the Fourth Annual Commencement of the Pittsboro' Scientific Academy.

Bereaved of that Alma Mater, whose commencements in days gone by are brilliant epochs in North Carolina's educational history, our people revert with interest to those of the Academies and primary schools.

Located in the centre of the State, with a healthy and salubrious climate, surrounded by the most refined society, and with so talented and energetic a Principal as Capt. C. B. Denson, the Scientific Academy affords most efficient means for instructing the youths of our land, and preparing them for the arena of life, where their intellectual status alone will be the criterion of their eminence.

The closing exercises of the scholastic year, which have just ended, were of that high standard characteristic of the Academy; and highly appreciated by the people, if we may judge from the large concourse that attended. They began on Thursday morning, the 10th, with the Annual Sermon, by the Rev. Robt. B. Sutton, at the Episcopal Church. In regular procession, led by the Band, the students escorted the minister to the Church, under command of the Marshals elected for the occasion. Mr. Sutton selected his text from Galatians, 6 chapter, 7th verse, "Be not deceived; God is not mocked: for whatever a man soweth, that shall he reap" and preached an able and instructive sermon, the truths of which we hope the scholars will never forget.

"That same night the junior crew,
Successfully made their debut,"

and acquitted themselves with great credit before a very large and intelligent audience. The interest taken was intense—the speeches being selected by the discriminating taste of the Principal.

On Friday morning, the 11th, a large concourse thronged the grove around the rostrum, where the Seniors admirably displayed their powers of oratory and composition. The scene was grand; and the occasion was enlivened by music sweetly discoursed by the amateur Band. Each speaker felt proud of the approval of his efforts, attested by the applause of the audience; and the Principal gratified that they had not disparaged the labored exertions he had wielded in their behalf.

Now comes a part that beggars our description:

Friday evening, at 5 o'clock, the people again assembled in the grove to hear the literary address of Col. A. A. McKoy, of Clinton. We would do the speaker injustice to attempt even the merest epitome of his polished oration. The sheer mentioning his name stamps the offspring of his brain a beautiful and royal scion. For who does not remember our champion and standard bearer in the late political contest, and the eloquence he displayed in vindicating the cause to which he was attached! The audience were held spell bound for an hour and a half, and at the conclusion, exhibited their appreciation by unbounded applause. After the Address, the Principal delivered the "Honors" to the successful aspirants, which are certificates in Latin awarded to the "Duxes," or leaders in each of the classes.

About dark a brilliant display of fireworks took place, which was received with rapturous enthusiasm by the innumerable crowd. The pieces were of the finest pyrotechny—rockets, tourbillions, bengolas, mottos, balloons, vertical wheels, triangles, &c.

After the fire works came that grand finale—the undisputed reign of Terpschore The ball room thronged with the "beauty and chivalry" of our Borough, and the presence of many pleasant visitors graced the occasion. The young ladies looked transcendently beautiful. And emulously, blushingly vying with each other, they "chased the glowing hours with flying feet." There was no sleep till dawn—

——The morning gray
Beheld each couple wearily
Wending their way homeward-bound
To seek sweet rest full long and round.

Thus ended the Fourth Annual Commencement of the Pittsboro' Scientific Academy, but the pleasant associations that cluster around it, will ever hold a place in our memories. The influence this Institution commands is already being felt, and when the clarion voice of education shall ring from o'cean's wave to mountain peak, she is destined to hold the van in the onward march of colleges and seats of learning. Gov. Vance truly called her "a desideratum in central North Carolina."

The "Chatham Educational Convention" convenes here on the 23rd of July, and we hope, Mr. Editor, you will honor us with your presence. The object is the noblest that can engage the attention of the Southern people. We want to arouse old North Carolina to a sense of her real need—that of engrafting in the bosoms of her sons a truly *North Carolina* spirit, and of imparting to them that inestimable treasure—"a pure education;"

Once set in their coronets, the diadem pure
Effulgent shall blaze, and forever endure.

C——.

LYNCH LAW IN VIRGINIA.—*Staunton, June 14.*—Jesse Edwards, the colored man who committed a rape on Miss Susan Hite, a respectable young lady of Rockbridge county, and then murdered her, was taken out of the county jail by four men and hanged to a tree, six miles from Lexington. Edwards had previously confessed the crimes. The lynchers gained admittance under the pretence that they had a desperado under arrest and desired to imprison him.

"WHO STOLE THE TRAP."—The following unique notice was found posted on a tree a short distance up the Deep Creek road, Norfolk county, Va.:

Notis April 27. 1869.

the Was A Larg trap taken A Way from Be Hied Mr. Driver held near the Wood Gameber. She is a Very Large trap With A Waiebe patched on With the Chain Hitched in one of the Springs, if any one can Hear Whar She is I Will satisfiede.—This steel trap I Wocedeo Not tak A Larg some for Har. JOSEPH HARRIEL.

P. S.—the man that got the trap is A dam Rascal.

Burton, While traveling on a steamboat, seated himself at a table and called for a beefsteak. The waiter furnished him with a small strip of that article. Taking it upon his fork, and turning it over, and examining it with one of his peculiar looks, he very coolly remarked—"Yes that is it; bring me some."

Fanny, don't you think that Mr. Bold is a handsome man?" "Oh, no I can't endure him. He is homely enough." "Well he's fortunate at all events; for an old aunt has has just died and left him $50,000. "Indeed! is it true? Now I come to recollect, there is a certain noble air about him, and he has a fine eye—that can't be denied."

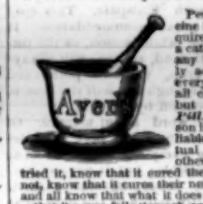
Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.



Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient vegetable *Pill*. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have, and can show, thousands upon thousands of certificates of remarkable cures of the following complaints, but such cures are known in every neighborhood, and why should we publish them? Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to healthy, by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion, Listlessness, Languor** and **Loss of Appetite**, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice** or **Green Sickness, Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa**, but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back** and **Loins**, they should be continued, taken as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression** a large dose should be taken as it produces the desired effect by sympathy.

As a **Dinner Pill**, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus. There are numerous cases where a purgative is required, which we cannot enumerate here, but they suggest themselves to every body, and where the virtues of this *Pill* are known, the public no longer doubt what to employ.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as the excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its unrivaled character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of *Croup*, it should be kept on hand in every family, and indeed all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known that it is unnecessary to publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

The supervisors will be gentlemen well known and noted for honesty and integrity, who will not be allowed to purchase tickets or own any stock in the Company. The numbers and prizes will be drawn from each wheel by two blind boys and a full report of all numbers drawing prizes will be published in a non-partizan newspaper immediately after the drawing.

As the question has been asked frequently who is Jos G Hester, President of the North Carolina Real and Personal Estate Agency, he furnishes the following references:

I am personally acquainted with Capt. Jos. G. Hester, and believe him to be a sober, industrious, enterprising correct man.

A. W. LAWRENCE, General Agent Brooklyn Life Ins. Company.
Raleigh, N. C., Feb. 23, 1869.

I am, also, personally acquainted with Capt. J. G. Hester, and fully concur with the statement made above by Mr. Lawrence. J. A. JONES.
Bookseller and Stationer Raleigh, N. C.

I am personally acquainted with Capt. Jos G. Hester, and fully endorse the above testimonials.
JAMES B. ENNIS, Bookseller, &c.,
Raleigh, N. C., Febb. 22, 1869.

I have been acquainted with Capt. J. G. Hester for several years, and concur in the above statements. JOHN C. PALMER,
Watchmaker & Jeweler, Raleigh, N. C.

I know Capt. J. G. Hester to be a gentleman of moral worth and integrity.

THOS. V. MOSS,
Watchmaker & Jeweller.
Raleigh, 22d Feb., 1869.

My personal acquaintance with Capt. Jos. G. Hester, as well as my observation of his business movements, justifies my hearty endorsement of the foregoing certificates, and shall regard him as well qualified for any branch of commercial pursuit. W. H. CROW, Gen'l Ag't.
Ætna Life Insurance Co.

Having known Capt J. G. Hester for several years, I heartily endorse the above testimonials of his worth as a gentleman and business man.
U. W. LAMBETH, Bookseller, &c.
Raleigh, Feb. 23, 1869

I cheerfully endorse the foregoing.
SEATON GALES,
Sec'y N. C. M. H. Ins Co.
Raleigh, Feb. 23, 1869.

Although I have known Mr Hester, but for a short time, I

THE SENTINEL.

LOCAL DEPARTMENT.

WEDNESDAY, JUNE 16, 1869.

See the advertisement of flowering bulbs, for sale by W. H. Jones & Co.

Douglas Bell offers a fine and large lot of groceries.

☞ Other advertisements, unavoidably crowded out, will appear to-morrow.

LECTURE TO-NIGHT.—Rev. A. D. Phillips, for twelve years a missionary in Africa, will, at the request of a number of our citizens, deliver a lecture to night, in the Baptist Church, on the manners, customs, &c., of that country.

MORE IMPROVEMENT.—We notice that the street force have commenced operations on Martin Street, west of Fayetteville Street. A little grading and guttering on that thoroughfare will be a good thing.

DOGS.—There is frequent yelping, howling and barking of dogs to be heard throughout the City, both day and night, occasionally varied by a tough and tumble fight in back lots and alleys. It is getting about time for the city authorities to trot out their dog killer, and lay in their supply of collars.

THE REAPING MATCH.—We could not possibly attend the reaping match, to day, and have no report of the result up to the hour of going to press. We will give it to morrow.

THE *Velocipede*, is a new monthly published by the N. C. Real and Personal Estate Agency in this city, in the interest, we suppose, of that Company. By the way, can we procure another copy? We put the one we had in our pocket among some tobacco crumbs and must have "chawed" it up by mistake, as it is missing.

BERNARD, of the *Star* gets after this Local, with a sharp stick. Until our cuticular covering becomes more crustaceous we shall endeavor to keep at "a respectable distance" from him.

PASSING THROUGH.—Professor Brewer, of the University, after the arduous labors of the past session, is off to New York. He passed through on his way thither, this morning. 'Sound the loud timbrel o'er Carolina's dark sea."

ON THEIR WINDING WAY.—We learn that there were five hundred and seventy passengers by the Central train, this morning, on their way to the seaboard. The number was considerably swelled from Raleigh and vicinity.

A GOOD SHAVE.—Any man, who has a manly beard upon his face, knows what a comfort—what an exquisite pleasure—a good, clean shave, with smooth cutting razor and clean towels, affords; and what a dreamy, dozy state one drops into, seated in an easy chair, head reclined on a soft cushioned support, while a steady hand guides the polished blade over the chin and throat. Such a shave can be enjoyed at Prempert's Shaving Saloon, under the clothing store of Messrs. R. B. Andrews & & Co. If you doubt it in the least, go and test the matter, and we'll guarantee Prempert will make good all we have said about it.

WHO?—The blackberry trade is becoming an item of importance. In many sections thousands of pounds of dried berries are sold to local dealers every year. This trade helps many poor women and children, who can gather and dry the berries, when they can do but little else in way of making money to buy something to eat. Now if blackberries are gathered and prepared for market about here, who of our dealers will buy them? A good many would like to know before going into it.

THE *Reconstructed Farmer*, for June is received, published at Tarboro, N. C., by Messrs. James R. Thigpen and John S. Dancy, both practical farmers, in the best farming section of the State; price of the *Farmer*, $2.00 per annum in advance. Our farmers can't well have too much of that sort of reading.

MONTHLY REPORT.—We have received from the office of the Revenue Commissioner a Monthly Report of the Revenue for the three closing months of last year. It contains a vast amount of figures, but we have not yet had the temerity to try to understand what they all mean, nor do we think it likely we should understand them if we were to try.

WHIPPING POST, REDIDIVUS.—We learn from a friend that, on Saturday morning last, in the neighborhood of Myatt's mill, a white man, name unknown, stole a suit of clothes from a negro, who, with another negro, pursued and captured him, with the clothes in possession. They gave him his choice of standing a trial for the offence with a good chance for the penitentiary, or take "nine and thirty, well laid on," upon the spot. He chose the latter, which the negroes proceeded forthwith to inflict, in the good old style. He had thrown away his old clothes, before being overtaken, and had invested himself in the stolen articles, so that, after taking "the law" and giving up the spoils, he had to return and find his own old duds again, which he did in the coolest manner.

THE RIVERSIDE MAGAZINE, for young people, published in New York by Hurd & Houghton, is a very excellent work for the young folks. The June number is before us, containing many interesting stories, pretty pictures, fun and pastimes. Price $2,50 a year.

We have received the catalogue of Washington College, Virginia, session 1868-9, by which it appears there were 318 students in attendance. The next session opens, September 16th.

It is useless to look for money in an empty pocket, even with the best bank note detector.

PROCEEDINGS UPON IMPEACHMENT.

SEC. 16. For what offence, officers are liable to impeachment.

1. Corruption or other misconduct in his official capacity.
2. Habitual drunkenness.
3. Intoxication while engaged in the exercise of his office.
4. Drunkenness in any public place.
5. Mental or physical incompetence to discharge the duties of his office.
6. Any criminal matter—the conviction whereof would tend to bring his office into public contempt.

SEC. 17. When act to have effect. This act shall have effect from the date of its ratification.

Ratified this 15 day of April A. D. 1869
JOE. W. HOLDEN,
Speaker House of Representatives.
TOD R. CALDWELL,
President of the Senate.

The title of the above act of the Assembly should be, an act entitled and act to keep Judge Jayhird Jones sober. We publish this act for the information of all the Judges. Though intended specially for Jaybird Jones, it is sufficiently general to catch other Judicial birds.

The necessity of such an act goes to show the depravity of official conduct and behaviour in North Carolina.

Why is it that no such acts ever disgraced our statute book before, with Nash, Gaston, Badger and such Judicial lights upon the bench? No such acts could have been passed, because the necessity for them could never have arisen.

We can name four Judges who have been publicly drunk since the passage of this act. They may not have known of the existence of such an act. We tell these gentlemen Judges, to put on their garbs of temperance or they may be required to answer for their contempt.

STATE NEWS.

THE WHEAT CROP.—Wheat was cut in North and South Carolina last week and the week before, and from all quarters we hear the most favorable reports. The crop is better than for many years previous.—*Char. Dem.*

The closing exercises of the Charlotte Female Institute will take place on Wednesday, the 30th inst. The annual address will be delivered by Rev. Dr. Pritchard, of Raleigh, on that day at 10½ o'clock. The regular Concert will be on the night of Tuesday, the 29 h inst.—*Char. Dem.*

A young alligator, caught on the banks of the Cape Fear River was yesterday exposed for sale in our city. Buyers were scarce.—*Wil. Star*, 13th.

FRANK JOHNSON NOT DEAD.—The report published by us a day or two since in regard to the death of "old Frank Johnson," as he was familiarly known, is contradicted. One of his acquaintances, a highly respectable colored man of this city, reports positively that he saw him in the vicinity of Charlotte Thursday night last. Old Frank, he says, was still alive and kicking, and what is more, still playing the fiddle.—*Wil. Journal*, 15th

DEAD INFANT FOUND.—The attention of several persons was directed to the conduct of a dog or dogs, in the garden of one Dolly Howard, colored, near the junction of Queen and Broad streets, on Friday night, who were contending for the possession of what appeared to be a large piece of beef. Curiosity was aroused and the article was examined, when it was found to be the body of a negro infant about a week old, which the dogs had exhumed from its burial place in the garden. Mortification had set in and the medical gentlemen called in was unable to tell whether the child came to its death by natural causes or from violence.

The woman, Howard, was carried before the Mayor and confessed that the child was her's, that it had died in childbirth, and that, to hide her shame, she had buried it in the manner described.

Suspicion of foul play is entertained, but no proof of it has yet been found.—*Newbern Journal of Commerce.*

DAVIDSON COLLEGE.—We copy and endorse the following from the Hillsboro *Recorder* of this week:

Commencement at Davidson takes place on the 24th of this month. During commencement week a Professor of Latin is to be elected by the Trustees. We have reason to hope that Dr. John Wilson will not escape the favorable consideration of the Board of Trustees. Dr. W. is now at the head of a school in Charlotte. A pure scholar and a pure man, free from the censure of evil men and commanding the respect of the evil and the good—he is admirably fitted for a position of this kind. We trust the place may be tendered him.

Prof. Kerr, State Geologist, is in the Wilmington region, making scientific investigations.

VEGETABLES.—About 75 barrels of beans and squash, and about a dozen or more boxes of cucumbers were shipped from here yesterday morning. Most of the shipments were made through our energetic young townsman Mr. B. M. Privett, to the House of A. D. McLeod & Co., Baltimore, of which firm Mr. P. is a member.—*Goldsboro Messenger.*

SAD ACCIDENT.—Mrs. Rice, wife of Mr. Perry M. Rice, Chief Engineer of the City Fire Department, met with a sad accident Sunday morning, while enjoying a ride in company with her husband. Mrs. Rice's health has been indifferent for some time, and Mr. Rice thought it advisable to procure a pair of horses and a carriage, and carry her to ride. This he did Sunday morning, and the spirited animals became frightened, ran away, turned over the vehicle which fell on Mrs. Rice, breaking her arm and inflicting several bruises on her face. Dr. J. F. King was immediately sent for, and on his arrival he dressed the maimed limbs, and left the sufferer in a safe but painful condition.—*Wil. Star.*

DEATH OF JOHN WOOSTER, ESQ.—This venerable citizen departed this life at his residence in this city on Sunday morning, at 5 o'clock, aged 79 years.—*Wilmington Journal.*

A NEGRO ORATOR INCITING TO OUTRAGE.—We publish an abstract of a speech recently delivered by a negro orator in Mississippi under the auspices of the white radical Executive Committee. The fellow had the effrontery to acknowledge that he was an "emissary" and an "incendiary;" that he was paid for coming, advised the negroes to stop working for white rebels, and otherwise incited the black population to riot and outrage. If the Federal commanders in the unreconstructed States cannot choke off these nigger incendiaries, the sooner the whites take them in hand and choke them off in a more effectual way the better.—*N. Y. Herald.*

Petroleum is said to have been discovered on the line of the Pacific railway.

GENERAL NEWS.

Two females in Vincenne, Ind., some days ago, arranged for a prize fight. A ring was formed by the sporting men, and gladiatresses stripped to the combat when the police broke in and arrested them.

Last week, a man, perfectly nude, walked through Walnut Street, one of the most fashionable thoroughfares of Louisville, unmolested by the police. He was insane from drink, and belonged to one of the most respectable families.

The owner of American Girl offers to match her against any trotting horse in the world, mile heats, three in five, to harness, for $5,000.

Napoleon has increased his guard at the Tuileries by 500 men, and the whole force sleep fully accoutred and with loaded rifles.

Justin McCarthy says the English women will vote long before those in America.

A party of seven persons—three young ladies and four young gentlemen—were drowned in the Ohio river, while pulling their boat in the way of a passing steamer, last Sunday, about two miles below the mouth of Little Wyandotte river.

Mrs. Leonidas Polk's select school for young ladies opens in New Orleans September 6th.

John H. Surratt has opened a produce and commission house in Baltimore.

Henry Ward Beecher's income is returned at $21,000, and Dr. Chapin's at $15,000.

Nelson Walker, colored man, announces himself as a candidate to represent Nashville and Davidson County, Tenn., in the next Legislature. His platform is universal suffrage and general amnesty.

Emma Hines, a "social evil," of Nashville, has just inherited a fortune of $25,000, left to her by an infatuated Frenchman, who has just died in St. Louis.

The weather at Long Branch is delightful. Most of the hotels are ready for opening. There have been over one hundred arrivals at the Stetson House.

Captain Wm. Ennis, who was ordered by General Schofield to ascertain how many persons are confined in the Missouri Penitentiary for military offences, sentenced by court-martial, reports 175 as the number.

Pickpockets abound in Memphis.

A Georgia Press Association is talked of.

A Kentucky paper thinks that the word croquet is too Frenchy, and proposes that the game which it designates be hereafter called "Presbyterian billiards."

The contracts for telegraphic news service between the New York Associated Press and the New York State and the New England Associated Press organizations have been signed and exchanged.

The Senter movement seems to be gaining ground in Tennessee. On Thursday, the Nashville *Press and Times*, Stokes' organ heretofore, came out strongly for Senter and universal suffrage. The leading journals of the Republican party, one in each of the three great divisions of the State, the Knoxville *Whig* the *Press and Times*, and the Memphis *Post*, are now all for Senter.

The Union Hotel ball-room at Saratoga has been engaged by a committee of Cubans for a fair to be held the last week in June.

Rev. Dr. Alonzo Hill, of Worcester, Mass., after forty two years of pastoral service, retires with $12,000 contributed to him by his parishioners.

The United States steamer Pensacola has arrived in San Francisco with $300,000 in treasure from Mexican ports.

The bust of Senator Sumner, is to be placed in Doric Hall, at the Massachusetts State House.

Mrs Jno. F. Coyle, wife of one of the proprietors of the *National Intelligencer* died suddenly in Washington City on Sunday last.

DISSOLUTION.

THE copartnership existing between WILLIAMS & LAMBETH was dissolved on the first of May.

All who are indebted to them are requested to call and settle their accounts.

ALFRED WILLIAMS.
Raleigh, June 1869. C. W. LAMBETH.

ALFRED WILLIAMS

Will continue the Book and Stationery business on his own account, and will keep constantly on hand a large stock of

School, Standard and Miscellaneous Books,
Music, Account and Blank Books,

TELEGRAPHIC.

LAST NIGHT'S DISPATCHES.

FROM WASHINGTON.

WASHINGTON, June 15—Revenue to-day nearly half million.

The printers employed by Mr. Clapp have held a preliminary meeting regarding the action of the National Union. The proceedings indicate that Clapp will be sustained by the employees.

The negro Douglass continues at the case.

The Treasury has advices of the murder of Frank Dumont, inspector of customs for Texas, near Brownsville. It is supposed he was killed by smugglers.

Intelligence has been received from Cuban sources of a fight between the revolutionary forces and the Spanish troops near Puerto del Padre. The Cuban troops, numbering about 2,000, were attacked in their entrenchments by the Spaniards. Nearly double that number were twogregulsed. The loss of the Cubans was less than one hundred, killed and wounded. The loss of the attacking party was three times greater. The Spaniards retreated, leaving a number of killed and wounded on the field. The result of this battle has had a most encouraging effect upon the Cuban army, which it is reported is gaining strength every day. As the very best portion of the people of the Island wait harmony between the officers in command of the Government troops in the field, and volunteers who have taken possession of the government of the Island, the effect is exhibiting itself in the demoralization of the Spanish troops and the large number of desertions to the Cuban army. This condition of things has given new impulse and strength to the Cuban cause, their leaders having no doubt of their ultimate success.

A number of recruits mostly from Virginia, left here (Washington) yesterday and to-day to join a force which are rendezvousing on the southern coast preparatory to joining the Cuban army.

It is not true, as rumored, in a recent cable telegram, that in an official communication, Minister Motley intimated that the American administration concurs in the reason which led the Senate to reject the Alabama treaty. Such was not the tenor of his instructions concerning his intercourse with her Majesty's government, and it is not, therefore, considered probable that he would make that assertion. It is, however, certain that he was instructed to explain the circumstances attending the rejection of the treaty, without committing this government to any line of policy, but at the same time standing by the rejection of the treaty. Minister Motley is not instructed to make any proposition for the settlement of the Alabama claims, but to say that in view of the irritation in England, owing to the rejection of the treaty, the present is not an auspicious time to propose the re-opening of negotiations. In other words, the temporary postponement of the question is desirable with the hope that when the excitement shall subside, Her Majesty's government will invite a re-opening of negotiations. He is not authorized to announce the readiness of our government to make any propositions on that subject, nor to demand the payment of the amount of damages, national as well as individual, but to assure Her Majesty's government of the sincere desire of our own to have all matters of dispute adjusted on terms honorable and satisfactory to both nations.

Another point in the instructions is in effect that the mere proclamation declaring the rebels entitled to belligerent rights is not in itself a cause for demanding damages or a separate ground of complaint, but this taken in connection with subsequent acts was unfriendly, and showed a spirit of hostility against the United States during the late war, resulting in losses which require a reparation. The instructions were prepared at the Department of State about ten days before Minister Motley left this country, having there been slightly modified at the instance of President Grant himself. They were carefully considered by the Cabinet, to whom they were acceptable, and were soon thereafter handed to Mr. Motley without further consultation. The specific instructions to Mr. Motley as to treaty regulations are with reference to naturalization and consuls, and it is supposed by this time he has entered upon that duty.

The Department of State has received no positive or definite information from Minister McMahon since December last, when he arrived at Asuncion. All other information is rumor or speculation.

Latest official dispatches are dated April 8th from Buenos Ayres and Rio De Janeiro 24th of the same month.

Mr. Worthington, Minister to Uraguay, writes from Buenos Ayres that he had demanded of the Argentine government either an escort through the allied lines, or for permission for a United states escort to pass through them to enable our Government to communicate with Minister McMahon. Both the Buenos Ayres and Brazilian governments have refused the right, on the ground that it could not then be granted without affecting the proposed hostile movements which were soon to take place and which would open up the communication desired. Mr. Worthington replied that he had already waited forty days for the movements to be made; that the right of the government of the United States to have the communication made was indisputable, and that if the allies would not aid our Government, it would be driven to its own resources to obtain the communication.

Commander Kirkland, of the "Wasp" had a sharp correspondence with the Brazilian and Buenos Ayres governments on the subject.

VIRGINIA.

RICHMOND, June 15.—A mass meeting of Conservatives was held this afternoon. Many business houses were closed, and about four thousand people assembled in the Park. The tenor of the speeches made was that, while neither negro suffrage nor even the expurgated constitution were desirable, yet all should be accepted that the State might again return to the Union, and peace and prosperity be restored. The claims of Walker, the Conservative candidate, were urged and recognized with enthusiasm by the audience.

Recruiting offices have been opened here.—Thirty dollars a month and bounty are offered for soldiers. It is understood for Cuba.

GEORGIA

ATLANTA, June 15.—The first through train on the Columbus & Augusta Railroad arrived this evening from Charlotte N. C.

CALIFORNIA.

PARIS, June 15.—Bourse dull, rentes 71 and 25.

LIVERPOOL, June 15.—Cotton quiet, sales 10,000.

AFTERNOON DISPATCHES.

FROM WASHINGTON.

WASHINGTON June 16, M.—The President has approved the finding of the Austin military commission. Weaver will be executed on the 24th September. The finding of the Court at Brownsville, Texas, has also been approved by the President. Private, Reuben Smith, is to be executed on the 24th September, for the murder of Jno. Gray, pursuant to sentence. The findings of the Court at Atlanta has been disapproved, and Henry Moyatt, charged with killing a negro has been ordered to be discharged from custody and dismissed.

A special to the New York papers says, the Boston Peace Jubilee was opened with prayer by 4,000 preachers.

Advices have been received here that the Florida legislature has ratified the 15th Amendment.

MARKETS.

READ WHAT THE
HIGHEST INSURANCE AUTHORITIES
SAY OF THE

BROOKLYN LIFE!

"A Company that makes such endorsements on its policies, gives the strongest pledge that it will fulfil its trust faithfully, and keep its reserves sufficient."—HON. ELIZUR WRIGHT.

"The BROOKLYN LIFE has placed itself in the vanguard of insurance reform, and is the first Company that has done full and complete justice to the insured."—INSURANCE TIMES, Jan. 1869.

THE BROOKLYN LIFE, ALONE OF ALL OTHER LIFE INSURANCE COMPANIES, GUARANTEES A DEFINITE SURRENDER-VALUE IN CASH, AND EVERY POLICY ISSUED BY THAT COMPANY, BEARS A CERTIFICATE STATING WHAT THIS EXACT WORTH WILL BE IN DOLLARS AND CENTS, AT ANY TIME, AFTER THE PAYMENT OF TWO OR MORE PREMIUMS.

"The BROOKLYN LIFE has made no half-way work of the adoption of this inestimable feature. It is noteworthy, in this connection, as a merited tribute to the excellent Company (Brooklyn Life,) which has so gallantly raised the standard of reform in Life Insurance, that we find in the whole list of existing Companies, few competitors which deserve so much credit in respect of economy of management, or care, skill and judgment in the selection of risks."—INS. SPEC. Jan. 1869.

The BROOKLYN LIFE has paid, and now pays to its policy-holders, LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

Dividends are paid IN CASH, or applied to the permanent increase of the policy, or left with the Company to accumulate at interest, in either way, at the option of the policy-holder.

The Daily Sentinel.

NEW SPRING AND SUMMER GOODS FOR 1869.

FACTS FOR THE PEOPLE. THAT FAITHful and well tried boat, making three and four successful trips a year for the last twenty-five years, encountering the storms of fifty-six autumns, and running through the waves of sixty-seven winters, looks out with her flag and motto flying to the breeze to come to Creech's. Just arrived and is now discharging her large and valuable cargo, at A. Creech's wholesale and retail dealer in

Staple and Fancy Dry Goods.

Where you will find for Men and Boys wear, a large and fine assortment of

CASSIMERES, CASHMERETS,
TWEEDS, KENTUCKY JEANS,
PLAIN AND FANCY COTTONADES
AND LINEN GOODS,

which will be sold as cheap, or cheaper than they can be bought elsewhere in the City.

Where you will find a large and beautiful assortment of

LADIES DRESS GOODS,

embracing almost everything suitable for the season, styles good, and goods pretty, prices all right, be sure to come to Creech's before you buy.

HATS! HATS!!

Cheap enough. What is the use to go bare headed when you are able to buy a new Hat?

SHOES! SHOES!!

A large assortment, come along, bring your Greenbacks, Creech's is the place to buy your shoes.

Bonnets, spring styles, some small enough and some large enough. For Ladies, Misses and Childrens trimmed and untrimmed Hats. A beautiful assortment, come lay away your old hat, and always come to Creech's before you buy a new one &c., &c.

Keep it before the people, that I told the people six months ago, that I intended to run through my campaign, with my motto to give each and every individual value received, for their valuable support, giving the Ladies a fine opportunity to exercise there inalienable rights, as well as the gentlemen, and since that time thousands have shown their good judgment by coming and demonstrating the truth of my assertion. I tell you Creech's is the place. And permit me to return my sincere thanks for your very liberal and valuable patronage for the last twenty-five years. I hope by strict attention to business and honest dealing, giving each and every one the worth of their money, that I will continue to receive a liberal share of your patronage. The rest of my talking I shall do at my place of business which is Creech's Corner Fayetteville Street Raleigh.

March 25-tf A. CREECH.

$1,000!

TO RAILROAD CONTRACTORS.

WESTERN NORTH CAROLINA RAILROAD,
Office of Chief Engineer,
Asheville, May 6th, 1869.

PROPOSALS WILL BE RECEIVED AT THIS office until the 10th of June next, for the Graduation, Masonry, Bridge Superstructure and Ballasting of one hundred miles of this Road, including (45) miles of the Branch Road down the French Broad river. This, the Western Division of the Road, extends from Asheville westward towards Chattanooga (135) one hundred and thirty-five miles, and a north west branch towards Cincinnati (45) forty-five miles. To contractors, this work presents attractive features, consisting of tunnelling and other rock excavations, crossing several mountain ranges, besides a large amount of bridge masonry. All of which is accessible to the contractor, being for the most part near the turnpike roads leading from Asheville. Maps, plans, profiles and specifications will be ready after the 20th of May for inspection.

All necessary information in regard to the work may be obtained at this office upon application.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,

OF THE

UNITED STATES OF AMERICA,

WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,

$1,000,000,

PAID IN FULL.

It is no longer a question with any man, who tenderly loves his wife and children, who considers how helpless would be their condition in case of his *death*, as to the duty of taking out a LIFE POLICY, but as to which Company he shall pay his money.

If he reflects a moment he will conclude to patronize the Company which shows the greatest degree of vitality, which extends its business over the largest area, which is a Home Company in every locality; which furnishes insurance at the least cost; which issues no policies that are forfeitable should he be unable next year, or any subsequent year to pay his renewal; and which is *undoubtedly* able to meet ALL ITS PROMISES.

With these feelings and views, he looks over the newspapers, and, by the time he gets through reading the advertisements of Mutual or Mixed Companies, he finds his mind so fuddled that he is at a loss where to go or what to do. He can not comprehend one-half that is written, and concludes that none but Actuaries, who are familiar with the principles upon which Life Insurance is based can comprehend or explain anything about dividends and his liability for notes given in part payment of premiums. In his dilemma, he looks into the plan adopted by the

NATIONAL

LIFE INSURANCE COMPANY,

U. S. A.,

and finds just what he wants:

An ALL CASH PLAN, reduced to the LOWEST MINIMUM Rate, like any commodity in Market, so much Insurance for so much Money. No notes to give; no interest to pay; no anxiety about Assessments; no apprehension of his Policy being forfeited next year if he does not pay his annual Renewal; and the RATES so much LOWER than other Companies, that he realizes a larger Dividend, IN ADVANCE, than other Companies can pay him in the future.

He finds that, instead of this UNCERTAIN PROMISE, and present high rate, that the

NATIONAL

presents a certain and definite sum for a much lower rate, and puts up its paid up Capital of

$1,000,000

as a guarantee fund, that its contracts will be fulfilled, and, like thousands of others, cheerfully calls on their Agent to make his application for a Policy. Hence the unprecedented and most wonderful success of the NATIONAL as contrasted with the older and Mutual Companies.

The Company issued its first policy on the 1st of August, 1868, and up to March 1st, 1869, it had issued 3,382 policies.

Amount insured,	$10,005,550.00
Total Premiums,	350,117.03

The whole number issued by the Connecticut Mutual in the first year of its existence was 892

By the Mutual Benefit of New Jersey,	690
" New England Mutual,	543
" Phœnix Mutual,	335
" Massachusetts Mutual,	312
" Equitable of New York,	277

The Mutual Life, of New York, in the first year of its existence, only issued 470 policies.

In its 10th year,	1,260	"
And in its 30th year,	2,842	"

this latter being 690 *less* than was issued by the NATIONAL in its first seven months.

THE Sentinel.

PUBLISHED AT THE

CAPITAL OF THE STATE,

Daily, Semi-Weekly and Weekly.

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph will be carefully collated and presented.

Full and correct market and financial reports will be given.

And, in one word, no effort will be spared to make the SENTINEL, in all respects, a reliable

FIRST CLASS NEWSPAPER.

TERMS.

LANDRETH'S WARRANTED GARDEN SEEDS.

A good variety just received, and for sale, wholesale and retail, by
Feb 11-tf J. A. JONES, Raleigh, N. C.

CAUTION! WE desire to warn the dealers in, and consumers of Snuff generally, that since the war, certain Tobacco Manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages, and imitate our Trade Marks, so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found, upon comparison, that Lorillard's Snuff is "far ahead" of all others, being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff (High Toast,) or Fresh Snuff (Extra Scotch) is desired.

P. LORILLARD, New York.

RAILROADS.

TO SHIPPERS,

NORTH CAROLINA ALL STATE

RAILWAY LINES, (THAT USED TO BE!)

THE OLD RALEIGH & GASTON RAIL ROAD, THE SHORTEST, QUICKEST, SAFEST AND BEST LINE, NORTH AND SOUTH, TO BE LEFT OUT IN THE COLD. UNLESS SHIPPERS SPECIALLY SAY VIA. R. & G. R. R.!

WE inaugurated and are the *Great through Inland Air Line Route* to all the Northern Markets, and have successfully worked the Line to the entire satisfaction of Shippers, North and South, for the last ten years, as the few Thousand shippers in North and South Carolina will testify. We paid the State near Seven Hundred Thousand Dollars for her interest in this Road—thereby saving the people from Taxation for all time to come $40,000 per year; and we unhesitatingly declare that we can and will give more dispatch to all points, North and South, than any other Line.

NOTICE!

The Great Inland Air Line Freight

R O U T E,

Via THE RALEIGH & GASTON RAIL ROAD,

is the Short Line for Shippers, and you are *requested so to direct your Freights*, or they will be taken by another Route!

To insure your Freight being carried over this *Great* Inland Air Line safely, direct your consignors to mark your Freight, Care of Rail Road Agent, Portsmouth, Va., or City Point, Va., via *Raleigh & Gaston Rail Road*, and to ship as follows:

FROM BOSTON:
Merchants' & Miner's Line, end of Central Wharf, E. Sampson, Agent.

FROM NEW YORK:
Old Dominion Steamship Co., Shipping Point, Pier 37 North River, Foot Beach St., Office 181, Greenwich St., cor. Dey; N. L. McCready, President.

FROM PHILADELPHIA:
Via Annamessex,) Phila., Wilmington and Baltimore Depot, or Clyde's Line of Steamers, 14 N. Delaware Avenue, W. P. Clyde, Agent.

FROM BALTIMORE:
Baltimore Steam Packet Co., Bay Line Steamers, Foot Union Dock, L. B. Parks, Agent, or Powhatan Steam Boat Co., 20 Light Street Wharf,

C. B. ALLEN,
Freight Ag't
Nov 23. Raleigh N. C.

MISCELLANEOUS

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC

CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and the low price of the article places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the finest lace to the red-blanket. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly loosening and eradicating the dirt WITHOUT LABOR or friction.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be reserved in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LOUGEE & BROTHER'S, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the State.

All orders must be addressed to
